

## The Office of Secretary of State

### **GEORGIA STATE BOARD OF EXAMINERS FOR CERTIFICATION OF WATER AND WASTEWATER TREATMENT PLANT OPERATORS AND LABORATORY ANALYSTS**

#### **MINUTES**

March 20, 2008 Meeting

The Georgia State Board of Examiners for Certification of Water & Wastewater Treatment Plant Operators & Laboratory Analysts held a conference call meeting on March 20, 2008, at 237 Coliseum Drive, Macon, GA.

Presiding Officer Margaret Doss called the meeting to order at 9:30 a.m. A quorum was established with the following Board members present: Margaret Doss, Harry Jue, Rachel Cochran, and Stanley Tate.

Steve Lindsey, Executive Director, was also present during the meeting.

Mr. Jue moved, Ms. Cochran seconded, and the Board voted to approve the minutes of the January 17, 2008 committee meeting.

Mr. Tate moved, Mr. Jue seconded, and the Board voted to approve the minutes of the January 31, 2008 conference call meeting.

Fred Finley, with Georgia Rural Water Association, attended the meeting and inquired whether the Board will hold its May, 2008 meeting on Jekyll Island in conjunction with the GRWA Conference. The Board agreed to hold the May meeting on May 19, 2008 at 1:30 p.m. at the GRWA Conference on Jekyll Island.

The Board reviewed a request by Charles Heino for approval to take the May 2008 exam. Mr. Heino will satisfy the required experience for a Class 2 Water Operator nine days after the date of the May exam. Although Board rules require an applicant to obtain the required work experience prior to taking the exam, the Board established a policy to accept exam results when an applicant satisfies the required experience for the certificate within 10 days of the exam date. In keeping with the policy, Mr. Tate moved, Ms. Cochran seconded, and the Board approved Mr. Heino's request.

The Board reviewed a letter from Henry McCord, in which he requested the Board to accept his application for certificate, even though he will submit the application after the deadline. After considering the facts presented, Mr. Tate moved, Ms. Cochran seconded, and the Board voted to approve Mr. McCord's request to consider his application.

The Board reviewed emails from Chris Haynes and Mark Dudziak. The emails involved the same complaint concerning applicants working in Georgia plants who are applying for certification in South Carolina, then applying in Georgia for certification by endorsement from South Carolina. After review of the information, the Board determined that the applicants have not violated Board law or rules in applying by endorsement. The exam for South Carolina is the same ABC exam utilized by the Board, and the experience requirements for certification in South Carolina are greater than the requirements in Georgia; therefore, the Board considers endorsement applications from South Carolina.

The Board reviewed a list of certifications issued since the January 31, 2008 meeting. Mr. Jue moved, Mr. Tate seconded, and the Board voted to ratify the following certifications:
